## Keswick Museum and Art Gallery Education Service

Keswick Museum and Art Gallery is a Victorian building which has changed little over the past century since it had its grand opening in 1898. It is set in some of the most spectacular landscape to be found anywhere in the county. As the only purpose built museum in Cumbria, we offer various themed educational visits which fully utilise the Museum's unique collection.

The three main modules we run are all tailored to the requirements of the National Curriculum and we aim to educate in an interactive, fun and exciting way while learning about Romans, Vikings and Victorians.

Visits can be tailored to specific educational requirements and special needs, with risk assessments provided. The cost of the school visits is £2.00 per child.

### Our three specialisms are:

#### Romans

- Learn about the mighty Roman army and the everyday lives of its soldiers
- Discover the differences and the surprising similarities of Roman and modern day troops.
- Make a Roman shield against the clock before the Celts attack.
- Practice Roman army formations and siege tactics.

#### Vikings

- Learn about the fearsome Viking warriors and the often forgotten peaceful Viking farmers.
- Read stories and myths about the Viking Gods.
- Design and make Viking jewellery and shields to protect you in battle.
- Discover why the Vikings liked Cumbria so much and how they still have an effect on us today.

#### Victorians

- Take part in our interactive Museum Quiz.
- Enjoy various Victorian-themed activities.
- Discover how finger knitting is so much fun.
- Design and make a Victorian toy called a thaumatrope
- Play the 'Mystery Object Game' .....you'll never guess what it is!
